## **Meeting Minutes**

April 9, 2009

### **I. Call to order**

Jerry called to order the regular meeting of the TVF at 7:05 P.M. on April 9, 2009 in Rancho Water District.

### **II. Approval of minutes from last meeting**

The minutes were approved as posted.

### **III. Announcements and Updates**

- a) New Guest Mike Selfridge
- b) Harry update; Harry is doing better, but lower stamina. He wants to thank all for their calls and thoughts.
- c) David Greenfield to donate new windsock will be in place.
- d) Glen will be at the field tomorrow to install the new sign.
- e) Spoke of the time for nitro flying, thoughts were keeping off on this for a while.
- f) Fun Fly Prizes (insert list from Glen's e-mail)
- g) The club needs to sponsor another organization. It was suggested the Boys and Girls club.
- h) Jerry mentioned that we will be donating 10% of the proceeds from the Fun-Fly to the Sheep's Fold Foundation.
- i)

### **IV. Open Issues**

- a) Membership report Greg Boltin and his dad Bill renewed their membership. Currently if a new member joins it is prorated off of the \$75.00 averages out to about 6.75 per month. Currently 34 open members 8 lifetime members.
- b) Treasury report we are still in the black.
- c) Jerry announced that the board members voted on an amendment to use the reserves to pay for the sign. This was approved 3 to 1.
- d) Member asked; how are we doing on the 501C3? Jerry added that we need to do one more event to add to the submittal.

### **V. Show and Tell**

- a) John brought a plane that was created by a member back in 1984 Harry Hurlock. Senior Cadet was originally yellow and white with a .60 engine. It progressed into a club project and Ken Turner flew it out at Date St. and put it in. John took charge of the plane and it laid to rest for about 6 months. Don Starr came by and asked to cover the wing and John said no. A month later he came back and took the wing. He repaired the wing and did not cover it. John then covered the wing and then also fixed the elevator. Jack then took the project over and is responsible for the way the model now looks today. A .91 Saito was donated to the club by David Geenfield. It did fly about a week ago and John plans to fly it a-lot. The glider Tug.

- b) Mike Selfridge brought his Light machines Corona electric helicopter. The helicopter is equipped with lights and a built-in tachometer. There were almost too many modifications to mention. This thing was awesome.

## **VI. Adjournment**

**Jerry Suppler** adjourned the meeting at **7:49 P.M.**
