WERE BACK

In November we were given permission by the County to resume operations! This new approval does have a few requirements; Hours of operation are Monday through Saturday 8 am to 5 pm. CLOSED (no flying) on Sunday. In the interest of being good neighbors last years board also restricted fuel powered aircraft to 9am to 1pm and kept the 92 db noise limit.

Well after a long hiatus the newsletter is back! As always I would ask for help for submissions, photo's stories etc. If you want to help out and even take over the newsletter duties please step up and volunteer. Volunteering and helping is what makes a club great. Comments, complaints and criticism are welcomed but please be nice!

FEBURARY MEETING

The February meeting is scheduled for the 19th at 7:00pm at the Rancho water district board room. At this time we have no special guest scheduled. There are the usual club updates, show and tell, 50/50 raffle plus and just a general good time. So be a part of the club, get involved by at least showing up to the monthly meeting. If you missed January's you missed a great show and tell and raffle.

*Jerry Supler, President readies
his new EDF F-4 Phantom to
hunt some Migs*

Presidents Message

Dear fellow flyer's and board members. 2009 is upon us and we are steadily moving forward with a new agenda for this year. The transition from the outgoing board and the incoming board was smooth and seamless. Your board has had it's first executive session to outline this years activities, goals and plans.

The board has been very supportive of my initiatives and some great ideas have been put forward by all concerned. I have briefly covered some of these items with you in our last open meeting. I shared with you my vision for the club. I believe all we need is some polish, participation and commitment. With this, we can accomplish much together with what I and others have put forward.

Several of you have already demonstrated that you want to move forward with the plans we have outlined and this is very encouraging especially in these tough economic times. Growing our membership this year will be a much more lofty goal than it has ever been in years past for obvious reasons. Please do all you can in this regard to bring new members onboard.

Several events are being planned but will require membership's involvement to make it a reality. First up will be our hosting of the Sea Cadets in March with follow on events for April and May. April will be very busy as we plan a fun fly and a weekend RC Training/Mentoring event (RCTM) TBA. We will also need volunteers for the 4th July parade entry with the city of Temecula.

I thank you all for you support and encouragement. I believe that if we can get behind some basic fundamentals in what I have noted to you, that we can have a larger club, greater visibility in the local communities and even in the local counties. We will move step by step this year to accomplish our goals and it is my hope that by the end of this year, we will see the fruits of our labor in the pride that we all feel for our club. Please continue to support not only me but the other board members who have stepped up to volunteer their time and energy's to ensure that TVF is the place to be and fly safe at.

Fly Safe 2009,

Jerry Supler USN CPO (RET)
TVF President

January Meeting Minutes and Recap

The January Meeting was held at the RCWD board room on January 15, 2009. Jerry Supler brought the meeting to order at 7:05 p.m. followed by the pledge of allegiance. There were a total of 18 members present for the meeting.

Meeting minutes from last meeting were approved by Ken Turner, second by Glen Kratz.

Mark Guerra gave the Treasure's report, and discussed the budget and the tight constraints we are under caused from last years closure and reduced renewal fees and further compounded by the lower amount of renewals.

John Bickle gave the Membership Report. We currently have 32 paid members as of this meeting.

Jerry Supler then brought up Safety Issues and also that we have had no further complaints from the neighbors about our activities.

Jerry Brought up our first mentorship program would be held on March 14 for the Sea Cadets. April 11th was announced as our Spring Fun Fly date.

Glen Kratz reviewed the changes to the web site and encouraged every one to use the forum page.

Bob Arambulo volunteered to be the Head Trainer and to ready all the trainers and keep them in flyable condition.

Show & Tell – Bob Arambulo brought in his new Fun Jet powered by a phaser motor and a folding prop. Jerry Supler brought his new EDF F-4 Phantom. Glen Kratz brought his new "Juka" Foamie and gave an indoor flight demonstration with a Park Zone Vapor. Les Crook brought in his newly rebuilt Crazy 8 (great job Les!). Ken Turner Showed off his new Katana (all the way from Australia) and an E-flite Brio 10. Ron brought in his new E-Flite Pulse 25.

Raffle- Harry won the Flyzone 182 rtf, Les Crook won \$60 cash money, Jail Vail won but passed on any winnings, In his place Russ won the A-acto tool set, Bill Squire won the vice donated by Ken Turner.

Goofball award – a couple of nominations but the award was not given.

Meeting Adjourned at 8:22 pm

Mark Guerra and his new CMP Christian Eagle

Jim Braugh starts his new BH models Sukhoi, powered by a Evolution Gas motor with Tuned Pipe – DB BELOW the 92 limit. Flew as great as it looked

Web site / Forum

The Website is now being updated on a regular basis. I strongly suggest that you check it weekly for any changes or late breaking news. We have also added a forum page where you can go blog, ask questions, buy and sell stuff or just vent. I strongly suggest that you sign up and register. If you have trouble doing so please ask a buddy that is a bit more computer savvy. This can be a great and fun tool once you start. If you have any questions you can always e-mail me at plnfix@aol.com – Glen Kratz

Membership Drive

Once again this year we will be having a Membership contest. Winner Take all for a FREE membership next year!

Last years winner has Bob Arambulo. I call all members to get out and pump up the club and get more members. According to several members of others clubs the word is that we still are closed down. So we have some work to do and spread the word that we are open for business.

Thank you to Jack Vail for the great flyers that he made and will be available at all the local hobby shops.
